Sustainable architecture and state-of-the-art design in a luxury hotel

Did you know that Marcel Wanders' designs are exhibited in museums such as the Pompidou Centre and MoMA? Right on the seafront and just 10 minutes from Palma de Mallorca, the Iberostar Grand Portals Nous is an adults-only luxury hotel designed by Wanders, adorned with symbols and references relating to life.

The sofas, carpets, flooring, lamps and tables are the products of his creative genius. He has also left his mark in the themed suites for guests that love stars, tireless gamers and hopeless romantics. The unique 650 m² spa recreates a forest in which you will want to lose yourself forever. And in the gourmet Astir restaurant (offers certified sustainable fish), serving market-fresh dishes, the gastronomy is just as beautiful as the rest of the hotel.

Can we let you in on a secret that makes us very proud? Our hotel received an award for the best sustainable hotel in Spain. We look after everything and everyone.
