

# Let yourself be swept away by the Huichol culture at the Playa Mita

There's no better way to really get to know a place than immersing yourself in its culture. With this in mind, Iberostar Playa Mita was designed and constructed using only local materials, ranging from quarry stones, marble and parota wood, to welcome you into the heart of one of the most vibrant Mexican cultures: the Huichol.

We invite you to experience nature on an intimate journey, with all-inclusive services and the Pacific ocean at your feet. Discover the benefits of the Aliveness programme with holistic care, including an array of sports activities and a comprehensive catalogue of SPA Sensations treatments. Sharpen your concentration and aim on the golf course designed by golf champion Greg Norman, and be all ears to the many stories your children will tell after their fun-packed day at Star Camp.

And one thing you can't miss is the jewelled Jaguar head decorated with pearl beads that takes centre stage in the hotel lobby. Over 6 cubic metres in size, this largest ever piece of Huichol art took two and a half months to make by a team of 6 artisans.
